RE: Request to Revise Fiscal Year (FY) 2024/25-2028/29 Transportation Improvement Program (TIP)

Dear Mrs. Soderstrom:

Florida Department of Transportation requests Heartland Regional TPO revise the FY 2024/25-2028/29 TIP to reflect project changes as described below.

The first five projects outlined below are new transit projects through the Federal Transit Administration Program 5310 and 5311 and benefit transit operators in Hardee, Hendry, Glades and Highlands Counties. These projects should be added to the TIP so that authorization to use federally reimbursed funds can be obtained.

Project #442022-2 is a sidewalk project in Desoto County. A Construction phase has been added to the project. This addition requires an amendment to the TIP so that authorization of federal funds can be obtained, and project delivery can remain on schedule.

Project #448964-1 is a bridge replacement project. This project is programmed for design in FY 25 and construction in FY 27. An Environmental phase has been added to the project. This addition requires an amendment to the TIP so that authorization of federal funds can be obtained, and project delivery can remain on schedule. Funding for the design (PE) phase in FY 25 has also been updated, and although this would not require an amendment, the information is provided for transparency.

Projects #454456-1 (traffic signals), 454456-2 (lighting), 455182-1 and 455189-1 (safety projects) are new projects for Hardee, Highlands and Okeechobee Counties. Project #455296-1 is a new PD&E project for bike path/trail in Highlands County. Adding a new project will require an amendment to the TIP so that federal funds can be authorized.

Please use the information below to revise the TIP accordingly:
