

Transportation Improvement Program

FISCAL YEARS 2020/21 - 2024/25

ADOPTED: June 17, 2020 | MODIFIED: August 26, 2020

The preparation of this document has been financed in part through a grant from the U.S. Department of Transportation (Federal Highway Administration) in cooperation with the Florida Department of Transportation, the urbanized area of Highlands County including the cities of Sebring and Avon Park; and the counties of DeSoto, Glades, Hardee, Hendry, Highlands and Okeechobee.

RESOLUTION 03-2020

A RESOLUTION OF THE HEARTLAND REGIONAL TRANSPORTATION PLANNING ORGANIZATION APPROVING THE FISCAL YEAR 2020/2021 THROUGH FISCAL YEAR 2024/2025 TRANSPORTATION IMPROVEMENT PROGRAM (TIP).

WHEREAS, the Heartland Regional Transportation Planning Organization (HRTPO) is required by Section 339.175(8)(a) Florida Statutes to develop an annually updated Transportation Improvement Program (TIP); and

WHEREAS, the HRTPO has reviewed the proposed Transportation Improvement Program (TIP) and determined that it is consistent with its adopted plans and programs; and

WHEREAS, in accordance with the Florida Department of Transportation (FDOT) directives and procedures, the Transportation Improvement Program must be accompanied by an endorsement of the TPO Board indicating TPO Board approval of the Program.

NOW, THEREFORE, BE IT RESOLVED, by the Heartland Regional Transportation Planning Organization (HRTPO), that the Transportation Improvement Program for Fiscal Year 2020/2021 through Fiscal Year 2024/2025 is hereby endorsed, approved and adopted June 17, 2020.

Signed:

Terry Burroughs, HRTPO Chair

Date:

6/17/20

FDOT District One Secretary, L.K. Nandam

Introduction

Purpose

The purpose of the Transportation Improvement Program (TIP) is to provide a staged, multi-year, intermodal program of transportation projects. The TIP is consistent with the adopted Heartland Regional Transportation Planning Organization's (HRTPO's) 2040 Long Range Transportation Plan (LRTP). The TIP is required of all metropolitan areas, under Section 134 of Title 23 and Title 49, United States Code (USC), and 23 CFR Part 450 Sections 320, 324, 326, 328, 330 and 332; and subsection 339.175(6) and (8), Florida Statutes (F.S.), the Moving Ahead for Progress in the 21st Century Act (MAP-21) and reaffirmed in the Fixing America's Surface Transportation Act (FAST Act) signed into law on December 4, 2015.

The HRTPO's TIP contains all transportation projects within DeSoto, Glades, Hardee, Hendry, Highlands and Okeechobee Counties, which are the six (6) counties that comprise the Heartland Regional Transportation Planning Organization. These projects are those designated for funding from Title 23 and Title 49 funding sources and all regionally significant transportation projects requiring federal action. Projects contained in the TIP include highways, aviation, pedestrian and bicycle facilities, and transportation disadvantaged projects regardless of funding source. The TIP ensures coordination for transportation improvements by local, state and federal agencies.

Financial Plan

The HRTPO 2020/21 – 2024/25 TIP serves as a five-year financially feasible program of improvements for all modes of transportation within the six (6) Heartland counties referenced above, and was developed in cooperation with the FDOT and public transit operators [23 CFR. 450.326(a) and subsection 339.175(8) F.S.,]. The TIP is financially constrained for each year and able to be implemented for each year using Year of Expenditure (YOE) dollars. YOE dollars are adjusted for inflation from the present time to the expected year of construction. Federally funded projects identified in the TIP can be implemented using current and proposed revenue sources based on the FDOT's Tentative Work Program. As required by federal and state law, a summary of available funds by funding category and project type for the state and federally funded projects contained within the TIP has been included [23 CFR. 450.324(a) and Subsection 339.175(8), F. S.] The detailed project listing and financial summary contain system-level estimates of costs and revenue sources that are reasonably expected to be available to adequately operate and maintain Federal-aid highways (as defined by 23 U.S. C. 101(a)(5)) and public transportation (as defined by title 49 USC. Chapter 53) [23 CFR 450.324 (h)]. To further ensure the financial soundness of the TIP, all projects funded by the Florida Department of Transportation with federal or non-federal dollars are considered committed projects if included in the first three years of the FDOT Five-Year Work Program. Section 339.135(4)(b)(5) Florida Statutes mandates the FDOT Work Program include a balanced 36-month forecast of cash and expenditures and a five-year finance plan supporting the Work Program.

Total Project Revenues and Cost

Total Project Revenues align with the total Project Costs with a five year total of \$415.3 million. Projects included have a revenue and cost of \$262 million prior to the five year period and will have revenues and costs of \$55.5 million after the five period.

How to get full project costs and other project details: Projects on the Strategic Intermodal System (SIS)

The normal project production sequence is to have a Project Development and Environment (PD&E) phase, a Design (PE) phase, a Right of Way (ROW) phase and a Construction (CST) phase. Some projects may not have a ROW phase, if land is not needed to complete the project. Costs on the TIP pages for projects on the Strategic Intermodal System (SIS) will have historical costs, five years of the current TIP and five years beyond the current TIP, which may or may not be the total project cost. If there is no CST phase on the TIP page, then the entry will probably not be reflective of the total project cost. For some projects, such as resurfacing, safety or operational projects, there may not be a total cost provided but rather additional details on that program. The SIS is a network of high priority transportation facilities which includes the state's largest and most significant commercial service airports, spaceport, deep-water seaports, freight rail terminals, passenger rail and intercity bus terminals, rail corridors, waterways and highways. All projects on the SIS will have a SIS identifier on the project. For costs beyond the 10 year window, access to the Long Range Transportation Plan (LRTP) is provided. The link to the LRTP is www.heartlandregionaltpo.org. References to the 2040 LRTP are included to provide full project costs and/or additional details regarding the project.

How to get full project costs and other project details

The "Total Project Cost" amount displayed for each of the federal and state funded projects in the TIP represents 10 years of programming in the Florida Department of Transportation's (FDOT's) Work Program database. The "Total Project Cost" is included for projects on the Strategic Intermodal System (SIS) (FYs 2019 through 2028), and 5 years of programming in the FDOT Work Program for non-SIS projects (FYs 2025 through 2030), plus historical cost information for all projects having expenditures paid by FDOT prior to FY2020. For a more comprehensive view of a particular project's anticipated total project cost for all phases of the project please refer to the LRTP.

Annual Obligations Report

Section 134 of Title 23, United State Code, requires an annual listing of projects for which federal funds have been obligated in the preceding year shall be published or otherwise made available by the metropolitan planning organizations for public review. A link to the current Annual Obligations Report for the Heartland Regional Transportation Planning Organization may be found at <http://heartlandregionaltpo.org/programs-and-plans/>.

Performance Management

Performance management is a strategic approach to connect investment and policy decisions to help achieve performance goals. Performance measures are quantitative criteria used to evaluate progress. Performance measure targets are the benchmarks against which progress is assessed using available data. The Moving Ahead for Progress in the 21st Century Act (MAP-21) requires state departments of transportation (DOT) and transportation planning organizations (TPO) to conduct performance-based planning by tracking performance measures and establishing data-driven targets to improve those measures. Performance-based planning ensures the most efficient investment of transportation funds by increasing accountability, providing transparency, and linking investment decisions to key outcomes related to seven national goals: Improving Safety; Maintaining Infrastructure Condition; Reducing Traffic Congestion; Improving the Efficiency of the System and Freight Movement; Protecting the Environment; and, Reducing Delays in Project Delivery. The Fixing America's Surface Transportation (FAST) Act supplements the MAP-21 legislation by establishing timelines for State DOTs and TPOs to comply with the requirements of MAP-21. State DOTs are required to establish statewide targets and TPOs have the option to support the statewide targets or adopt their own. The Transportation Performance Measures Consensus Planning Document that outlines how the HRTPO and the FDOT will work together to satisfy the transportation performance management requirements promulgated by the United States Department of Transportation in Title 23 Parts 450, 490, 625, and 673 of the Code of Federal Regulations (23 CFR) was adopted by the HRTPO on June 19, 2019.

The HRTPO's TIP has been evaluated and the anticipated effect of the overall program is that, once implemented, progress will be made towards achieving the statewide safety, pavement and bridge, system performance, and transit asset management performance targets.

Safety Performance

The HRTPO has a commitment to improving transportation safety which is demonstrated through planning and programming activities. Activities included in the Unified Planning Work Program (UPWP) such as the completion of Bike and Pedestrian Safety Plan (BPSP), health and safety partnerships with local agencies, participation on the Community Traffic Safety Teams (CTST) and analysis of crash data have led to increased safety awareness and project specific recommendations to reduce injuries and fatalities throughout the planning area.

By August 31, 2019, FDOT established statewide performance targets for the safety measures. On February 19, 2020, the HRTPO again agreed to support FDOT's statewide safety performance targets, thus agreeing to plan and program projects in the TIP that once implemented, are anticipated to make progress toward achieving the statewide targets.

The HRTPO uses crash data tracking fatalities and serious injuries in the Heartland Region to analyze past trends and identify regional safety issues. Tracking these measures will help to estimate the effectiveness of future HRTPO transportation investment, as reflected in the TIP. The table below shows the changes in Safety Performance Measures for the HRTPO from 2012 through 2018.

SAFETY TARGETS:

- 0 Fatalities
- 0 Serious Injuries
- 0 Nonmotorized Fatalities and Serious Injuries
- 0 Rate of Fatalities per 100M Vehicle Miles Traveled (VMT)
- 0 Rate of Serious Injuries per 100M VMT

Safety Measures	Statewide Target (2020)	HRTPO Target (2020)	2012-16 Regional Average	2013-17 Regional Average	2014-18 Regional Average	2014-18 Statewide Average
Number of Fatalities	0	0	60.6	66.8	72.4	2,979
Rate of Fatalities per 100 million Vehicle Miles Traveled (VMT)	0	0	2.099	2.235	2.346	1.398
Number of Serious Injuries	0	0	342	390.4	428.4	20,653.6
Rate of Serious Injuries per 100 million VMT	0	0	11.751	12.912	13.814	9.732
Number of Non-motorized Fatalities and Non-motorized Serious Injuries	0	0	32.4	33.4	35	3,267

FDOT adopted Vision Zero in 2012. This, in effect, became FDOT's target for zero traffic fatalities and quantified the policy set by Florida's Legislature 35 years ago (Section 334.046(2), Florida Statutes, emphasis added):

“The mission of the Department of Transportation shall be to provide a safe statewide transportation system...”

Safety is the first goal of the Florida Transportation Plan (FTP), the state’s long-range transportation plan, and the emphasis of Florida’s Strategic Highway Safety Plan (SHSP). The FTP, published in 2015, includes the number of transportation-related fatalities as an indicator to watch. The SHSP, published in 2012 and, most recently, in 2016, specifically embraces Vision Zero (“Driving Down Fatalities”) and identifies potential strategies to achieve zero traffic deaths. The 2016 SHSP was developed in coordination with Florida’s 27 MPOs through Florida’s Metropolitan Planning Organization Advisory Council (MPOAC). The SHSP development process included review of safety-related goals, objectives, and strategies in TPO plans. The SHSP guides FDOT, TPOs, and other safety partners in addressing safety and defines a framework for implementation activities to be carried out throughout the state.

The Florida Highway Safety Improvement Program (HSIP) annual report documents the statewide performance toward the zero deaths vision. For the 2018 HSIP annual report, FDOT established 2019 statewide safety performance targets at “0” for each safety performance measure to reflect the Department’s vision of zero deaths. The HRTPO, along with FDOT and other traffic safety partners, shares a high concern about the upward trending of traffic crashes, both statewide and nationally. As such, the HRTPO supports FDOT’s statewide 2019 safety targets. The safety initiatives within this TIP are intended to contribute toward achieving these targets. Safety performance measure targets are required to be adopted on an annual basis. FDOT, in August of each calendar year, will report the following year’s targets in the HSIP Annual Report. After FDOT adopts the targets, the TPO is required to either adopt FDOT’s targets or establish its own targets by the following February.

The HRTPO has developed criteria to evaluate potential projects submitted by local jurisdictions for both capacity and non-capacity projects shown in Appendix A. The adopted criteria supports specific investment priorities that support all of the TPO’s goals, including safety, established in the LRTP and safety accounts for 30%-40% of the selection criteria. The TPO’s goal of reducing fatal and serious injury crashes is linked to this investment plan, and the process used in prioritizing the projects is consistent with federal requirements. In order to achieve the reduction established by the safety targets, the TPO has evaluated projects that fall into specific investment categories established by the TPO in the project application, evaluation and ranking process. For the HRTPO, this includes safety programs such as: sidewalks, roadway lighting, intersection improvements, signage and pavement markings, and railroad and aviation safety projects.

Currently, the HRTPO is developing the new 2045 Long Range Transportation Plan (LRTP) slated for adoption early 2021. The LRTP will continue to support new federal performance measures. Increasing safety continues to be a goal of the plan and will be used in the project selection process.

Pavement and Bridge Condition Measures

On May 18, 2018, FDOT established statewide performance targets for the pavement and bridge measures. On September 19, 2018, the HRTPO agreed to support FDOT’s statewide pavement and bridge performance targets, thus agreeing to plan and program projects in the TIP that will, once implemented, make progress toward achieving the statewide targets.

This TIP was developed and is managed in cooperation with FDOT and it reflects the investment priorities established in the 2040 LRTP. The focus of the HRTPO’s investments to improve bridge and pavement conditions include:

- Pavement replacement or reconstruction (on the NHS)
- New lanes or widenings of NHS facilities, including resurfacing existing NHS lanes associated with new capacity
- Bridge replacement or reconstruction
- System resiliency projects that improve NHS bridge components (e.g., upgrading culverts)

In determining its approach to establishing performance targets for the federal pavement and bridge condition performance measures, FDOT considered many factors. FDOT is mandated by Florida Statute 334.046 to preserve the state’s pavement and bridges to specific standards. To adhere to the statutory guidelines, FDOT prioritizes funding allocations to ensure the current transportation system is adequately preserved and maintained before funding is allocated for capacity improvements. These statutory guidelines envelope the statewide federal targets that have been established for pavements and bridges. In addition, MAP-21 requires FDOT to develop a Transportation Asset Management Plan (TAMP) for all NHS pavements and bridges within the state. The TAMP must include investment strategies leading to a program of projects that would make progress toward achievement of the state DOT targets for asset condition and performance of the NHS. FDOT’s TAMP was updated to reflect MAP-21 requirements in 2018. Further, the federal pavement condition measures require a new methodology that is a departure from the methods currently used by FDOT and uses different ratings and pavement segment lengths.

Pavement and Bridge Condition Measures	2-year Statewide Target (Jan. 1, 2018 to Dec. 31, 2019)	4-year Statewide Target (Jan. 1, 2018 to Dec. 31, 2021)	HRTPO Region Current Conditions
Pavement Measures			
Percent of Interstate pavements in good condition	Not required	60%	N/A
Percent of Interstate pavements in poor condition	Not required	5%	N/A
Percent of non-Interstate NHS pavements in good condition	40%	40%	35.5%
Percent of non-Interstate NHS pavements in poor condition	5%	5%	0.3%
Bridge Deck Area Measures			
Percent of NHS bridges by deck area in good condition	50%	50%	82.44%
Percent of NHS bridges by deck area in poor condition	10%	10%	0.0%

For bridge condition, the performance is measured in deck area under the federal measure, while the FDOT programs its bridge repair or replacement work on a bridge by bridge basis. As such, the federal measures are not directly comparable to the methods that are most familiar to FDOT. In consideration of these differences, as well as other unknowns and unfamiliarity associated with the new required processes, FDOT took a conservative approach when establishing its initial pavement and bridge condition targets. It is the intent of FDOT to meet or exceed the established performance targets.

The TIP devotes a significant amount of resources to projects that will maintain pavement and bridge condition performance. Investments in pavement and bridge condition include pavement replacement and reconstruction, bridge replacement and reconstruction, and new bridge and pavement capacity. The TIP will fund \$8.5 million for bridges, \$186.9 million for resurfacing, and \$90.3 million for new capacity.

The projects included in the TIP are consistent with FDOT's Five Year Work Program, and therefore to FDOT's approach to prioritize funding to ensure the transportation system is adequately preserved and maintained. Per federal planning requirements, the state selects projects on the NHS in cooperation with the HRTPO from the approved TIP. Given the significant resources devoted in the TIP to pavement and bridge projects, the HRTPO anticipates that once implemented, the TIP will contribute to progress towards achieving the statewide pavement and bridge condition performance targets.

System Performance, Freight, & Congestion Mitigation & Air Quality Improvement Program Measures

On May 18, 2018, FDOT established statewide performance targets for the system performance measures. On September 19, 2018, the HRTPO agreed to support FDOT's statewide system performance targets, thus agreeing to plan and program projects in the TIP that once implemented, are anticipated to make progress toward achieving the statewide targets.

In establishing these targets, FDOT reviewed external and internal factors that may affect reliability; analyzed travel time data from the National Performance Management Research Dataset (NPMRDS) for the years 2014 to 2017, and developed a sensitivity analysis indicating the level of risk for road segments to become unreliable. The federal travel time reliability measures follow a new methodology that differ from prior Florida efforts. In addition, beginning in 2017, the NPMRDS expanded its coverage of travel segments, and a new vendor began to supply the dataset, creating a difference in reliability performance results on non-Interstate NHS segments between pre-2017 trends and later trends. These factors create challenges for establishing a confident trend line to inform target setting for the next two to four years.

In consideration of these differences, as well as other unknowns and unfamiliarity associated with the new required processes, FDOT took a conservative approach when establishing its initial statewide system performance and freight targets. It is the intent of FDOT to meet or exceed the established performance targets. System performance and freight are addressed through several statewide initiatives:

- Florida’s Strategic Intermodal System (SIS) is composed of transportation facilities of statewide and interregional significance. The SIS is a primary focus of FDOT’s capacity investments and is Florida’s primary network for ensuring a strong link between transportation and economic competitiveness. These facilities, which span all modes and includes highways, are the workhorses of Florida’s transportation system and account for a dominant share of the people and freight movement to, from and within Florida. The SIS includes 92 percent of NHS lane miles in the state. Thus, FDOT’s focus on improving performance of the SIS goes hand-in-hand with improving the NHS, which is the focus of the FHWA’s TPM program. The development of the SIS Five-Year Plan by FDOT considers scores on a range of measures including mobility, safety, preservation, and economic competitiveness as part of FDOT’s Strategic Investment Tool (SIT).
- In addition, FDOT’s Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida’s economic development efforts into the future. The FMTP’s Investment Element is specifically intended to identify freight needs, identify criteria for state investments in freight, and prioritize freight investments across modes. In February 2018, FHWA approved the FMTP as FDOT’s State Freight Plan.
- FDOT also developed and refined a methodology to identify freight bottlenecks on Florida’s SIS on an annual basis using vehicle probe data and travel time reliability measures. Identification of bottlenecks and estimation of their delay impact aids FDOT in focusing on relief efforts and ranking them by priority. In turn, this information is incorporated into FDOT’s SIT to help identify the most important SIS capacity projects to relieve congestion.

Performance Measures	2-year Statewide Target (Jan. 1, 2018 to Dec. 31, 2019)	4-year Statewide Target (Jan. 1, 2018 to Dec. 31, 2021)	HRTPO Region Current Conditions
System Performance and Freight Targets			
Percent of person-miles on the Interstate system that are reliable (Interstate LOTTR)	75%	70%	N/A
Percent of person-miles on the non-Interstate NHS that are reliable (Non-Interstate NHS LOTTR)	Not Required	50%	99%
Truck travel time reliability (TTTR)	1.75	2.00	N/A

The HRTPO TIP reflects investment priorities established in the 2040 LRTP. The focus of the HRTPO’s investments that address system performance and freight including corridor improvements, intersection improvements (on NHS roads), and investments in transit, bicycle, or pedestrian systems that promote mode shift. The TIP devotes a significant amount of resources to programs and projects that will improve system performance and freight reliability on the Interstate and non-Interstate NHS. Investments include intersection improvements and the completion of an adaptive signal system on US 27 in Highlands County. The TIP will fund \$12 million for intersection improvements and \$2 million for congestion relief projects. The projects included in the TIP are consistent with FDOT’s Five Year Work Program, and therefore to FDOT’s approach to prioritize funding to address performance goals and targets. Per federal planning requirements, the state selects projects on the NHS in cooperation with the TPO from the approved TIP. Given the significant resources devoted in the TIP to programs that address system performance and freight, the TPO anticipates that once implemented, the TIP will contribute to progress towards achieving the statewide reliability performance targets.

Transit Asset Management Plan

All transit agencies within the Heartland region are categorized as Tier II agencies and are participating in the FDOT Group Transit Asset Management Plan. On November 28, 2018, the HRTPO agreed to support the transit asset targets identified in the FDOT Group Transit Asset Management Plan, thus agreeing to plan and program projects in the TIP that will, once implemented, make progress toward achieving the transit targets.

As part of the Group TAM Plan for Fiscal Years 2018/2019-2022/2023 developed by FDOT for Tier II providers in Florida, the FY 2019 asset conditions and 2020 targets for the Tier II providers are shown below. The statewide group TAM targets are based on the condition of existing transit assets and planned investments in equipment, rolling stock, infrastructure, and facilities over the next year. The targets reflect the most recent data available on the number, age, and condition of transit assets, and expectations and capital investment plans for improving these assets during the next fiscal year, using the asset inventory and investment prioritization process incorporated in the Group TAM Plan. Key findings of the Group TAM Plan include the following:

- Approximately 27 percent of all inventoried assets have met or exceeded their useful life.
- The asset inventory includes a total of 752 revenue vehicles with an average age of 5.5 years, of which 271 (or 35 percent) have met or exceeded their useful life.
- Based on the investment prioritization, vehicles that are rated poor or marginal in the cutaway class and the van class will be prioritized for replacement.

As required by FTA, FDOT will update this TAM Plan at least once every four years. FDOT will update the statewide performance targets for the participating agencies on an annual basis, and will notify the participating transit agencies and the TPOs in which they operate when the targets are updated.

This TIP was developed and is managed in cooperation with FDOT and it reflects the investment priorities established in the 2040 LRTP. The HRTPO's investments to address the state of good repair focus on the replacement of vehicle/bus stock that have reached or exceeded its useful life.

Asset Category	Asset Class	FY 2019 Asset Conditions	FY 2020 Performance Targets
Revenue Vehicles - Age - % of revenue vehicles that have met or exceeded their Useful Life Benchmark (ULB)	Automobile	55%	45%
	Bus	15%	13%
	Cutaway Bus	28%	28%
	Mini-Bus	31%	28%
	Mini-Van	13%	1%
	SUV	0%	0%
	Van	47%	34%
Equipment - Age - % of non-revenue vehicles that have met or exceeded their ULB	Non Revenue/Service Automobile	67%	67%
	Trucks and other Rubber Tire Vehicles	50%	40%
	Maintenance Equipment	50%	50%
	Route and Scheduling Software	100%	100%
Facilities % of facilities with a condition rating below 3.0 on the FTA Transit Economic Requirements Model (TERM) Scale	Administration	0%	9%
	Maintenance	6%	12%

Major Projects Implemented or Significantly Delayed

The major projects in the Heartland Region include the improvements of transportation facilities that serve the regional transportation needs. The following major projects were listed in the previous FY 2019/20 – FY 2023/24 TIP. The status is identified as complete or delayed.

County	Facility	Description	Financial Project Number (FPN)	Status
DeSoto	W Hickory Street from American Legion Drive to Baldwin Avenue	Flexible Pavement Reconstruct	442485	Complete and/or Fully Funded
Highlands	Thunderbird Road from Comet Terrace to Grant Prix Drive	Sidewalk	431343	Complete and/or Fully Funded
Highlands	US 27 at SR 64	Intersection Improvement	434986	Complete and/or Fully Funded
Highlands	SR 17 at Beacon Avenue	Add Turn Lanes	435065	Complete and/or Fully Funded
Okeechobee	Seminole Elementary - Safe Routes to Schools	Sidewalk	444307	Complete and/or Fully Funded

Consistency with Other Plans

HRTPO Long Range Transportation Plan

All projects included in the TIP are consistent with: the HRTPO's 2040 LRTP adopted on March 16, 2016 and amended on April 18, 2018; all adopted comprehensive plans for local governments within the six (6) Heartland counties; and all applicable modal plans.

FDOT Freight Plan

The TIP includes specific investment priorities that support all of the TPO's goals including freight, using a prioritization and project selection process established in the LRTP.

FDOT Asset Management Plan

The TIP includes specific investment priorities that support all of the TPO's goals including modal options, using a prioritization and project selection process established in the LRTP.

Public Involvement

The HRTPO has a strong commitment to ensure public involvement in the transportation planning process. Adopted in September 2018, the Public Participation Plan (PPP) provides guidelines used by the HRTPO to inform and gather input from residents, communities, and interest groups throughout the six counties in order to expand the information available for planning. Following the guidelines in the PPP, and following the requirements of 23 CFR 450.324, Section 339.175, FS, Section 163.3161et seq., FS, 23, and CFR 450.324, Section 339.175, FS, the HRTPO will make the draft document available for public comment 30 days prior to adoption, seven (7) days prior to amendment, and continuously during development. The TIP is reviewed by the Citizens Advisory Committee (CAC), the Technical Advisory Committee (TAC), and the HRTPO Board at meetings that are open to the public. The TIP is also made available on HRTPO's website. Details of the public involvement process and comments received may be found in Appendix B.

Certification

A joint review of the HRTPO's planning process is conducted each year with FDOT. The currently adopted certification review was completed on February 7, 2020. The purpose of this review is to evaluate the effectiveness of the planning process and to determine its compliance with applicable federal and state requirements. The referenced parties jointly certify, pursuant to Code of Federal Regulations (CFR) Section 450.334, "Metropolitan Transportation Planning Process: Certification," that the metropolitan transportation planning process in the Sebring - Avon Park Urbanized Areas is addressing the major issues facing the area and is being conducted in accordance with all applicable requirements.

Congestion Management Process

Maintenance of a Congestion Management Process (CMP) is a requirement for all TPOs under Florida Statue 339.175 (6)(c)1 and for TPOs in Transportation Management Areas (TMAs) under federal law. Consistent with the guidance from the Final Rule on the CMP, the intent of the CMP process is to "address congestion management through a process that provides for safe and effective integrated management and operation of the multimodal transportation system."

A vibrant congestion management process can serve a valuable role in addressing the region's transportation needs in light of the following:

- Funding levels limit the number of new large scale projects which can be planned and constructed
- Transportation safety is becoming an increasingly important planning consideration

Although the Heartland Regional Transportation Planning Organization (HRTPO) is not in a TMA, which is defined as an urbanized area with a population over 200,000, the region must develop and implement a congestion management process to provide the information needed to make informed decisions regarding the proper allocation of transportation resources" as required by Florida law. The HRTPO CMP was adopted by the Board on June 21, 2017, and incorporated into the Long Range Transportation Plan by amendment on April 18, 2018.

Transportation Disadvantaged

As of July 1, 2018, the HRTPO is the Designated Official Planning Agency for the door-to-door paratransit service through the Transportation Disadvantaged (TD) program, throughout the six-counties of the HRTPO, which covers two Transportation Disadvantaged planning areas:

- Glades and Hendry Counties - The Community Transportation Coordinator (CTC) for this service area is Hendry County.
- DeSoto, Hardee, Highlands, and Okeechobee Counties - The CTC for this service area is MV Transportation, Inc., a private for-profit provider.

FY 2020-21 Transportation Disadvantaged Planning, Trip, and Equipment Grant Allocations			
County	Planning Grant Allocations	Trip and Equipment Grant Allocations	
		FY 2019-20 Allocation	Local Match (10%)
DeSoto County	\$20,157	\$233,861	\$25,985
Glades County	\$19,677	\$226,382	\$25,154
Hardee County	\$19,979	\$243,620	\$27,069
Hendry County	\$20,229	\$370,431	\$41,159
Highlands County	\$21,535	\$472,166	\$52,463
Okeechobee County	\$20,254	\$245,314	\$27,257

FY 2025 Transportation Project Priorities

Project Selection

Each year the HRTPO is responsible for developing a list of Priority Transportation Projects and submitting the list to the Florida Department of Transportation (FDOT) for consideration during development of the Five Year Work Program for DeSoto, Glades, Hardee, Hendry, Highlands, and Okeechobee Counties. Member governments of the HRTPO are requested to submit Transportation Project Applications and Priorities for Fiscal Year 2024/2025 to the HRTPO for transmittal to the Florida Department of Transportation (FDOT) for consideration of programming and funding by FDOT. The project applications are then scored based on criteria—found in Appendix A, developed by the Technical Advisory Committee and Citizens Advisory Committee, and adopted by the HRTPO Board—and ranked in order of priority. This process is conducted in accordance with federal requirements in the TPO planning process, and support FDOT’s Safety Target of zero deaths.

Consistent with federal requirements in 23 CFR 450.322(c) and Title 23, Section 134 USC, and other applicable federal and state requirements, the projects selected for the HRTPO TIP were based on a “snapshot” of the FDOT District Five Year Work Program for Fiscal Years 2020/21 – 2024/2025 dated April 13, 2020. The TIP was developed in cooperation with the state, local governments, and other transportation partners in the region including the Florida Department of Transportation, the counties of DeSoto, Glades, Hardee, Hendry, Highlands and Okeechobee including municipalities.

Project Priority Statement

A list of priority projects is presented to the TPO Board for adoption and submitted to FDOT for use in developing the new fifth year of the Five-Year Work Program. All priority projects are consistent with the TPO’s adopted Long Range Transportation Plan. Adopted June 19, 2019 by the HRTPO Board, the Project Priorities for Fiscal Years 2020/21 to 2024/25 were submitted to FDOT for consideration in the FDOT Tentative Work Program. As a policy of the HRTPO, total project cost will be used as additional criteria to prioritize projects that have the same ranking. Lower cost projects will be given higher priority and higher cost projects will be given lower priority.

Capacity Projects									
Rank	Jurisdiction	Facility	From	To	Description	Project Status			
						PD&E	Design	ROW	CST
1	Highlands	US 98	US 27	E of Airport Rd	2 to 4 Lanes	Completed	Funded in 2019	Funded in 2024-2025

Local Projects

A project included in a local government adopted Capital Improvements Program that is on, intersects with, or impacts the Regional Roadway Network may, at the discretion of the local government, be included in the HRTPO Transportation Improvement Program. No local projects were received. No additional locally funded projects were identified as regionally significant or intersects with or impacts the Regional Roadway Network.

Appendix A: Adopted Project Priority Evaluation Criteria

L RTP Goals	Evaluation Criteria for Capacity Projects	Criteria Scoring
Improve Safety	Safety	
	Roadway with no serious injuries/fatal crashes in past 5 years (depending on data availability)	0
	Roadway with 1 or more serious injuries/fatal crashes in past 5 years (depending on data availability)	15
	Emergency Evacuation Routes*	
	Not a designated evacuation route	0
	Is a designated evacuation route	15
Provide Reliable and Efficient Options	Project Status	
	Not programmed for Capital Improvement Program (CIP) or Transportation Improvement Program (TIP)	0
	Preliminary Engineering or Project Development & Environment and/or alignment study phase programmed in TIP	8
	Right-of-Way acquisition and/or construction programmed in TIP	15
	Provide reliable and efficient options	
	No reuse of existing investment	0
	Preserves existing investment	3
	Optimizes reuse of existing investment	5
	Existing Congestion Level	
	0.0 to 0.7 Volume / Capacity ratio (V/C)	0
0.71 to 0.99 V/C	10	
1.0 and above V/C	20	
Create Quality Places	Sociocultural effects/Environmental Justice/Environmental Impact	
	Potential negative impact on environment or environmental justice area	0
	No impact to environment or environmental justice area	3
	Potential positive impact on environmental justice area and no environmental impact	5
Support Economic Development	Regional Freight Corridor**	
	Not on HRTPO Regional Roadway Network or Regional freight corridor	0
	Is on HRTPO Regional Roadway Network	5
	Is a Regional freight corridor	10
	Access to Major Activity or Employment Centers	
	No direct access to activity or employment center	0
	Improves access to activity or employment center	5
	Provides access to a new activity or employment center	10
Connect Local Areas and Provide Choices	Multimodal Connectivity	
	No multimodal improvement	0
	Bicycle and/or sidewalk improvement	3
	Access to transit improvement	5

*Evacuation routes are from the Statewide Regional Evacuation Study (SRES)

**Regional freight corridor as designated in the FDOT District One Freight Mobility and Trade Study, October 2015

Adopted: March 16, 2016
Amended: November 1, 2017

The evaluation criteria for non-capacity projects including Transportation Alternatives (TA), Congestion Management (CM), and Regional Transportation Alternatives Program Projects (RTAP), and Transportation Regional Incentive Program Projects (TRIP) was adopted April 27, 2016, and amended November 28, 2018.

L RTP Goals	Evaluation Criteria for Congestion Management Projects	Criteria Scoring
Improve Safety	Safety	
	Road/intersection has experienced 1 or more fatal or serious accidents in previous 5 years	20
	Pedestrian Safety	
Provide Reliable and Efficient Options	Road/intersection has 1 or more car/pedestrian incidents past 5 years	20
	Project Status/Funding Availability	
	Local funding is available to advance or contribute to project	10
	Level of Service (LOS)	
	Segment of road or intersection does not meet FDOT LOS Standards	10
	Truck Factor	
	Truck factor on segment of road or intersection managed by FDOT is greater than 10%	10
Non Interstate Reliability		
Person miles traveled on Non Interstate NHS segment of road managed by FDOT reported as not reliable or below 50% on FDOT scale	20	
Create Quality Places	Community and/or Environmental Impact	
	Potential negative impact on community or environment	0
	No impact to community or environment	5
	Potential positive impact on community or environment	10

L RTP Goals	Evaluation Criteria for Transportation Alternative Projects	Criteria Scoring
Improve Safety	Safety	
	Adjacent road has 1 or more car/pedestrian incidents past 5 years	20
	School Zone Safety	
	Project is within 1-2 miles from a K-12 school	4
	Project is 1/2 mile to 1 mile from a K-12 school	10
	Project is within 1/2 mile of a K-12 school	16
	Project is within 1/4 mile of a K-12 school	18
Project is within 1/8 mile of a K-12 school	20	
Provide Reliable and Efficient Options	Project Linkage	
	Isolated improvement	0
	Connects to network	15
	Completes connection/closes gap	30
	Project Status/Funding Availability	
Additional phase or connects to project in Five-Year Work Program or funded Local Capital Improvement Program	10	
Create Quality Places	Community and/or Environmental Impact	
	Potential negative impact on community or environment	0
	No impact to community or environment	5
	Potential positive impact on community or environment	10
	Areas of Limited Modal Choice	
Zero Vehicle Household rate in project Census tract 6.1% or higher	10	

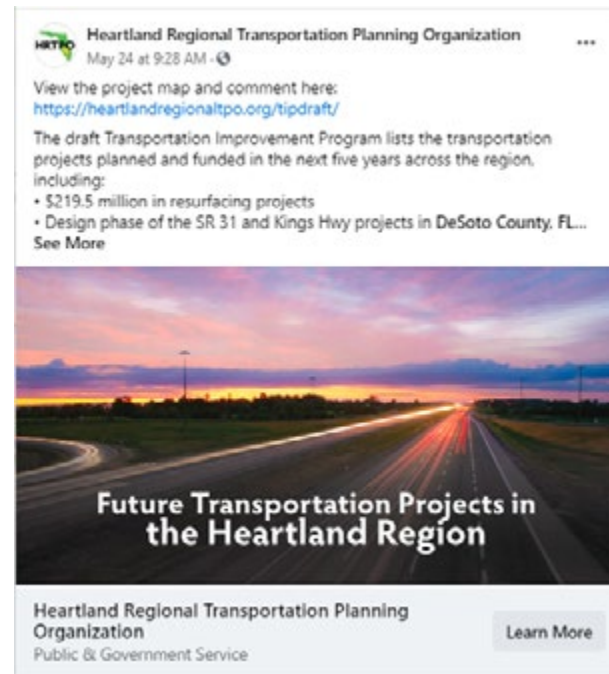

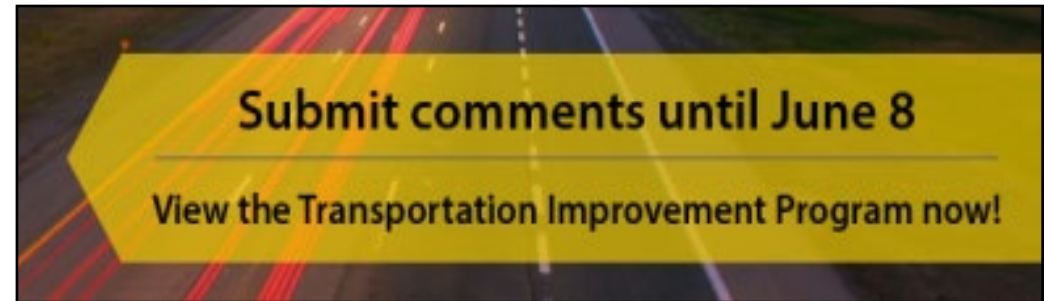

Appendix B: Public Involvement and Comments Received

The Heartland Regional Transportation Organization presented the draft Transportation Improvement Program to the Heartland Region on May 8, 2020 for a 30-day public comment period. The document was reviewed and endorsed by the Technical Advisory Committee on May 20 and the Citizens Advisory Committee on May 28.

The draft plan was made available on www.heartlandregionaltpo.org and distributed to county/city administration offices, throughout the region during the comment period.

Draft copies of the plan were distributed to:

- DeSoto County
- Glades County
- Hardee County
- Hardee County
- Hendry County
- Highlands County
- Okeechobee County
- City of Arcadia
- City of Avon Park
- City of Clewiston
- City of LaBelle
- City of Moore Haven
- City of Okeechobee
- City of Sebring
- City of Wauchula
- Town of Bowling Green
- Town of Lake Placid
- Town of Zolfo Springs
- Representative Albritton
- Representative Bell
- Representative Pigman
- Seminole Tribe of Florida
- Representative Donalds
- Senator Passidomo
- CareerSource Heartland
- CareerSource Southwest Florida
- FDOT Office of Policy Planning
- Federal Highway Administration
- Federal Transit Administration
- Florida Commission for the Transportation Disadvantaged
- Florida Department of Economic Opportunity
- Florida Department of Transportation

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, income, or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact: Marybeth Soderstrom, HRTPO Title VI Liaison, 863-534-7130, extension 134 (voice), or via Florida Relay Service 711, or by email: msoderstrom@cfrcp.org

Date	Name	Forum	Comment Received	HRTPO Response
5/15/2020	FDOT District One	Agency Review	Page 6 under Financial Plan, please reference [23 C.F.R. 450.326(a)]; Page 21 discusses Project Selection with regard to federal and state requirements but 23 C.F.R. 450.322(c) is not specifically mentioned-suggest the HRTPO add this reference	References Added.
5/8/2020	Michelle Gresham	Website	I love seeing the projects going forward, but as a member of the CAC, I will always give input based on what I hear in the Public. I would like to see more roads paved, instead of more "multi-use" paths or sidewalks. We need more re-sources to let the Public know, that "Community Transportation" exists also.	Thank you for your comments.
5/22/2020	Donald Samuels	Website	Is there any audit or accounting of funds per county and per project to the public of each county?	Section 134 of Title 23, United State Code, requires that an annual listing of projects for which federal funds have been obligated in the preceding year shall be published or otherwise made available. The report is available here: https://www.fdot.gov/workprogram/federal/fa-mpo-obligdet.shtm .
5/24/2020	Ray Wyant	Facebook Messenger	Why do we need expensive sidewalks that will require future maintenance all over the place that hardly anyone uses?	Thank you for your comment. Sidewalk projects that are listed in the plan were submitted for Florida Department of Transportation funding by the local government. The determination of which projects receive funding are based on the project enhancing safety, connectivity, and /or the community.
5/24/2020	Dan Holman	Website	Improve traffic flow by add another bridge on highway 29 over the Caloosahatchee River!	FDOT is preparing design plans to expand existing SR 29 from a two-lane undivided roadway to a four-lane divided roadway. To learn more the project and each phase visit http://swflroads.com/sr29/hendry/ .
5/24/2020	Random Jett	Website	Please do not add a second bridge to SR29 and do not destroy downtown LaBelle by turning Main Street into a part of SR29 near downtown.	FDOT is preparing design plans to expand existing SR 29 from a two-lane undivided roadway to a four-lane divided roadway. To learn more the project and each phase visit http://swflroads.com/sr29/hendry/ .
5/25/2020	Donna Garland Hayman	Facebook Messenger	Kings Highway needs widening and resurfacing. It has been neglected for years, now we have the Walmart distribution center ruining the road with heavy trucks new neighborhoods being built so more car traffic. 761 is being used by these heavy trucks also! The roads are a disgrace as the local governments are getting Rich! From Sandhill Blvd north thru Lake Suzy up to Peace River Road needs resurfacing and up to County Road 761 ends widening. This stretch of Kings Highway is used by 18 wheelers getting off of interstate 75 going north to 761 to go to the Walmart Distribution center on State road 17. County road 761 should not be a route for these trucks to travel on particularly because of the 2. Bridges they have to travel on. Thank you for your time and hope you all look into this matter soon.	Kings Highway is a priority capacity project of the HRTPO. The design phase to add capacity to Kings Highway is currently funded in 2024. To learn more about the Kings Highway project, please visit www.cr769kingshighway.com . This comment was provided to DeSoto County.

5/25/2020	Amy Mischler	Website	Is the sidewalk in Buckhead Ridge going to be extended to the dollar general store? I was told it would by your engineers when they were here. I have mixed emotions regarding this. I already have to pick up trash from people walking with-out the sidewalk. The graph above indicates the sidewalk won't be extended. Also, the county does not cut the grass regularly in the area I was told the sidewalk would be.	Thank you for your comment. The current limits of the project are from Lake Dr West To Lake Dr And Linda Road To The Buckhead Ridge Community Center.
5/26/2020	Sharion Hudson	Website	Kenilworth Blvd too Hayward Taylor is sinking in areas, very hard to control your vehicle. It's very dangerous when vehicles are passing each other. I have been side swapped and lost mirrors on my vehicles. With such traffic to the Race track and the Airport should it not be 4 lanes like Hay-ward Taylor?	This comment has been provided to Highlands County.
5/26/2020	Maureen Bradley	Website	Looks like it will hurt business in downtown Okeechobee	Thank you for your comment.
5/28/2020	Dianne Carter	Website	Projects are nice but I see no plans to resurface US 441 from Sand Cut to Pahokee. This is the most rutted road in the entire area. It is shameful to be called a federal highway in the most affluent county of the state.	Comment was shared with responsible agency.
5/30/2020	Doris Esposito	Facebook	I would really like to see the pot holes repaired in Sebring???! Some of the worst ones are in the parking lots of Beef O'Bradys!!! They fill them in & poof! Back again! What's up????	Repairs to local roadways in Sebring are the responsibility of the local government, and repairs to parking lots would be the responsibility of the property owner. Please visit https://www.mysebring.com/RequestTracker.aspx to report the pot hole locations.
5/30/2020	Anthony J Verhagen	Website	I would like to see what the final route looks like for the Route 31 to Route 17 bypass. I live in Arcadia Village Country Club in Arcadia on Route 70	SR 31 Extension is a priority capacity project of the HRTPO. The environmental phase is underway and the design phase is currently funded in 2025. To learn more about the project and the proposed routes, please visit www.swflroads.com/sr31extension/sr70tous17/index.html
5/31/2020	Judy Demeter	Facebook	Hwy 70 has already finished being four lanes from Ft Pierce to Okeechobee. When will they start the four-lane process going west on Hwy 70 to Hwy 27? It was supposed to be a remedy for hurricane evacuation routes. Hwy 70 west from Okeechobee is horrible. If you happen to have a flat tire on that stretch of road in most parts there is nowhere to even pull to the side. It is very dangerous. Thanks.	As part of the Strategic Highway System, the funding and timing of improvements are determined by the Florida Department of Transportation. The HRTPO is continually encouraging both short and long term improvements for SR 70 roadway, however there are no capacity improvements funded for SR 70 from US 27 to the Okeechobee County line at this time. This comment has been provided to FDOT District 1.

5/31/2020	Ron Tanner	Website	We need route 70 west done ASAP. We've had too many accidents, too many close calls, and everybody is speeding, passing on double yellow lines, and nobody in the law enforcement department is doing anything about it. Traffic has quadrupled since I've moved here 15 years ago, and that mostly semis running east to west	As part of the Strategic Highway System, the funding and timing of improvements are determined by the Florida Department of Transportation. The HRTPO is continually encouraging both short and long term improvements for SR 70 roadway. This comment has been provided to FDOT District 1.
6/1/2020	[None provided]	Email	Please move up the start time for route 70 west from Okeechobee. We have too much traffic and too many accidents constantly. People are passing on double yellow lines through intersections and there is nothing you can do. Truck traffic has quadrupled since 70 East of Okee was completed. Route 70 west needs to be made four lanes ASAP.	As part of the Strategic Highway System, the funding and timing of improvements are determined by the Florida Department of Transportation. The HRTPO is continually encouraging both short and long term improvements for SR 70 roadway. This comment has been provided to FDOT District 1.
Facebook Post Comments			DeSoto County Project Requests: Increase Capacity: Kings Highway Resurface: Kings Highway; Cubitis Area	Comments were shared with responsible agency.
			Summary of Hardee County Project Requests: Increase Capacity: Hwy 64; Hwy 62; Schumacher Road extension to Hardee County. Resurface: CR 663 from Ona to Ft Green; Griffin by the river	Comments were shared with responsible agency.
			Hendry County Project Requests: Increase Capacity: SR 29 Bridge in La-Belle Resurface: 78 all the way to Lee county line Other: Traffic signal at SR 29 North and Whidden Road.	Comments were shared with responsible agency.
			Highlands County Project Requests: Increase Capacity: Old 8 from 70 to 27; SR 70 Resurface: Old 8 from 70 to 27; Pave county roads on Avon Park Lakes, Charline Rd. on 731, from 27 about 2 miles until you get to Clubhouse Road; Desoto Rd in Sebring. Bird Roads off of S. Heron; County roads in Sebring Hills South (Lakeview needs it most) Other: Lower the speed through Sebring, Avon Park, and Lake Placid; 27 and 70 intersection improvement (overpass); 70 from 29 to Park Land Dr need turning lanes; Left turn lane at St Rd 66 and Payne Rd.	Comments were shared with responsible agency.
			Okeechobee County Project Requests: Sidewalk: Treasure Island area; 441 South Other: We need a traffic light at Cemetery road and 441; turn lanes on State Road 70 W.	Comments were shared with responsible agency.
